

## Get involved in the 5<sup>th</sup> Annual Maths Week Ireland 9 – 16<sup>th</sup> October 2010

*Maths Week Ireland aims to raise awareness, appreciation and understanding of mathematics for all. The events of Maths Week are designed to present maths as interesting, challenging and yet rewarding - and yes, even fun!*

Maths Week Ireland is now firmly established in the calendar taking place every year around Hamilton Day (16<sup>th</sup> October). Maths Week is an all-island partnership of organisations interested in the promotion of maths. It has grown to include over 30 centres and we are hoping to increase geographical coverage this year.

### Participants have included

Alchemist Café, Dublin	National University of Ireland, Galway
Armagh Planetarium	National University of Ireland, Maynooth
Astronomy Ireland	National Wax Museum
Blackrock Castle Observatory Cork	Northern Ireland Space Office
Chester Beatty Library	Queen's University Belfast

Institute of Technology Tralee	University of Ulster Coleraine
Irish Skeptics society	University of Ulster Magee
Limerick Regeneration project	University of Ulster Jordanstown
National Museum of Ireland	University of Limerick
	Waterford Institute of Technology

### **If your organisation is not on this list we want to talk to you.**

If it is on the list and you would like to participate please talk to us and we can put you in touch with your organisation's participants.

Maths Week Ireland is coordinated by Calmast at Waterford IT. We can work with you to devise events and activities and in many cases we can supply international maths presenters to speak at your venue. We send out posters to all schools, North and South, informing them of Maths Week. We also manage the website [www.mathsweek.ie](http://www.mathsweek.ie) where we post all your events.

Contact us now to get ready for October!
